

Community

"We are now contributing positively to our community and making it a better place."

Many homeowners lived in small apartments prior to having their homes, and having more space both indoors and out was new and significant. *"Being able to...play outside in our very nice neighborhood has been amazing."*

90%

of homeowners reported that their neighborhood felt safer than where they lived before.

Voting in local, state, or federal elections increased by

7%

for Habitat homeowners after moving into their home.

The impact of having a secure, stable place to call home and raise a family was a huge weight off homeowners' shoulders and gave their family a stable foundation for the future.

Volunteering in the community increased by

13%

for Habitat homeowners after moving into their home.
