### Their Story:

Candace and Sanford's family are celebrating the benefits of their hard work. Previously, the family shared a room in Candace's grandmother's five-bedroom house with six other family members. Overcrowded to say the least, Candace and Sanford can't wait to have a space large enough to hold their family, a stable home for their children with a safe backyard to play in.

**El Paso County real estate  
professionals have made this family's  
home a reality. Thank you!**
