**Women Build with Pikes Peak Habitat for Humanity**

*The Need Never Stops. Neither Do We.*

**WHAT:** Pikes Peak Habitat for Humanity (PPHFH) is hosting quarterly Women Build events in honor of the unwavering commitment that the women of El Paso County have to their communities and families. Though our neighborhoods are comprised largely of women and children, they are also the populations most likely to be affected by poor living conditions. Since 1991, Habitat’s Women Build events provide the opportunity for women to take a proactive step in serving their communities.

PPHFH Women Build projects are scheduled annually in March, May, August, and November. We encourage all women to volunteer - no construction skills or experience is necessary.

Women Build volunteers have funded and built four homes in El Paso County by building on the construction site, fundraising for house sponsorships, and promoting community awareness for Women Build. Our goal is to empower women to help families build strength, stability and independence. Habitat has the ability to provide opportunities for hands-on learning, and given these tools, women can succeed in changing their communities.
