everyone, everywhere

No matter who we are or where we come from, we all deserve the opportunity to have a decent life. Each of us desires the opportunity for a better future, and decent shelter is something we all need to thrive. By empowering families to eliminate barriers to a better, healthier, more financially stable life, we help build successes that can impact others far beyond what we can imagine. At Pikes Peak Habitat for Humanity, this is what unites us. Working together to provide shelter, we empower. Our shared vision is a world where everyone has a decent place to live.

Thank you to our FY22 advocates, donors, and volunteers whose unwavering support helped families achieve strength and stability, and empowered us to build homes, communities, and hope.
