

What can Pikes Peak Habitat for Humanity Restores accept as an in-store or pick-up donation?

Thank you for thinking of Pikes Peak Habitat Restores! Your donations help Pikes Peak Habitat for Humanity accomplish our goal of building strength, stability, and self-reliance through shelter. Free donation pickups may be scheduled for donations of at least two items over the phone at 719.667.0841 or online at PikesPeakHabitat.org.

Please Note: Exceptions may be made by drivers, receiving, and management. Some items that may otherwise be stated as acceptable—especially new, packaged, and unopened goods—may be denied due to current store needs. Goods that may be unsafe for Pikes Peak Habitat employees and volunteers to handle may also be denied. Donation pick-ups must be ready in a garage or outside of your home for our driver's safety.

Appliances

Due to the inability to recycle Freon-operated appliances, we currently can pick up only **working** refrigerators (including minis), freezers, and A/C units. A \$10 fee for Freon-operated appliances is required at the time of pickup. In addition, these appliances will need to be plugged in to prove working condition.
